**PETITION REGARDING DRAWINGS  
(UNDER PROTEST)**

The USPTO has indicated that drawings submitted by the Applicants are not present in the file. It has refused to grant a filing date of July 15, 2003 to this application. The Applicants respectfully petitions the Commissioner for supervisory action herein based upon the fact that the drawings were indeed submitted as is attested to by two employees of Garrison & Associates PS, who were directly involved in the handling of this application, its preparation, and submission to the U. S. Patent and Trademark Office on July 15, 2003. Mr. Haynes testifies unequivocally in his declaration that the drawings were indeed in the package of materials submitted to the U. S. Patent and Trademark Office and that he personally inspected the materials being sent to the USPTO before they were mailed. The declaration of Jolene McCracken unequivocally states that she placed all of the materials listed on the inventory,

Docket No.: SCT105U  
Date: July 14, 2005

which includes the drawings, in the envelope and deposited the envelope in the United States mail.

Under these circumstances, it is submitted that the Applicants should receive the filing date of July 15, 2003. The Applicants further respectfully request refund of the Petition fee submitted here of \$400.00, pursuant to 37 CFR 1.17(f).

Respectfully submitted,
